

L.E.A. Shelby

Virtual learning has kicked off recently with LEA Shelby! We are very excited about this new opportunity that is for any participant who is not ready or able to return to program just yet, but misses all of their friends and experiences that they used to take part in. We have done 1:1 sessions where participants can video chat and practice skills with an staff of LEA. We have also expanded into group video chats where individuals can reconnect with their friends while doing similar activities online together, as what they would be doing if they were physically at program like normal. We look forward to growing this program in the upcoming weeks for more people to enjoy with a richer curriculum. Stay tuned!

Halloween did not look the same for a lot of people this year, and that included the participants and staff at LEA Shelby. Normally we would have a haunted hallway, dancing, and costume contests for all to enjoy, this year we celebrated with simplicity. Each group remained in their designated area, but still we enjoyed donuts and cider, Halloween treats, and games amongst each small group. It was different yes, however, fun was had by all once again.

Mission Statement: To provide individuals with life enrichment opportunities and alternatives, including recreational, academic, social, and therapeutic services that enable them to function at their optimum potential with all the rights afforded them as full citizens.

Vision Statement: To be a center for learning and developing, in an atmosphere of creativity through daily activities and community inclusion.

L.E.A. New Haven

LEA New Haven has successfully reopened to a limited capacity . There are many changes in place to keep everyone safe, so our staff and individuals have had to be very creative in order to stay busy and have fun. Staff Stephanie S. has been amazing at coming up with craft projects using materials that we already have on hand. One project was a wall decoration. Each individual in the class contributed by designing their own piece of the decoration using the lids from mason jars. A couple other fun projects were making you're their very own pillow, candle holder, and necklace. Currently, the class is working on making a Christmas tree out of construction paper. Each individual is decorating their own section and once complete, it will be pieced together and displayed on the wall. We are so happy to be able to provide services again, and we are very grateful for staff like Stephanie S. for creating such an interesting and fun environment each day.

20 & Below

We are open!!!

We are very happy to announce we have reopened our doors at 20 & Below, the store is located at 6 East First Street, Monroe, MI 48161. We have implemented many changes to keep your shopping experience safe. At 20 & Below we are practicing social distancing, and sanitizing thoroughly, to keep our store in compliance with CDC guidelines. Please come visit us to find some unique gift ideas. You can also shop with us online, from the safety of your home at www.20andbelow.store.

L.E.A. Saline

The holidays have arrived at LEA Saline. We have been very busy trying to keep our focus on the holiday spirit and the things that bring us joy, such as creating different crafts for Halloween and Christmas, and decorating the building to celebrate. We want to wish everyone a safe and Happy Holiday!

HAPPY HOLIDAYS!

L.E.A Warren

L.E.A. Warren may look a little different these days but the management and staff have done an amazing job at keeping the heart of the academy going strong. Staff have adapted to these new changes wonderfully. Warren's Management team, Darrin Wenson and Nancy Motyka, have ensured that all protocols and procedures are being carefully observed and strictly followed to ensure that the safety of all individuals attending remains a top priority. We follow all guidelines if anyone is showing possible symptoms of Covid, and quickly communicate this to every individual's family. We believe this will maintain a strong and trusting bond of communication between the academy and guardians. L.E.A. Warren has taken on these challenging times with a 'can do' attitude, and we believe that together there is nothing we can't do!

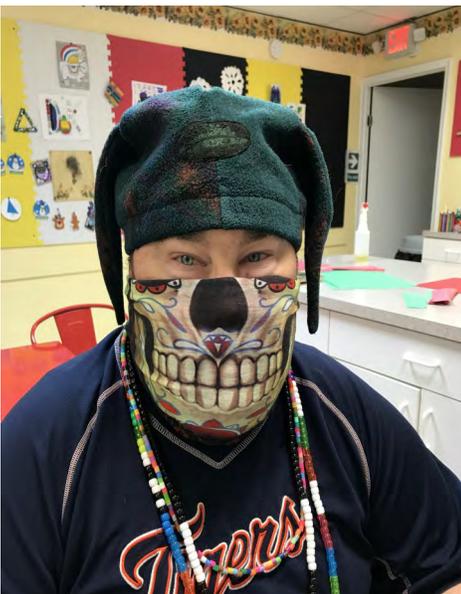

Our staff are so awesome here at L.E.A. Warren. Becca is the new teacher in the art room. She keeps all of her individuals in the creative spirit with her unique projects that enhances each individual's creativity. She comes up with great ideas that keep the individuals eager and ready to participants. You are doing a great job Becca!

Since masks are a requirement we've decided to have a good attitude and be creative with them. Individuals have had fun showing off their own styles with unique masks. They show up wearing their favorite teams, colors and more. Take a look at this one.
